PRODUCT DATA SHEET

CONCENTRATED CARAMEL CORN TREAT MIX

PRODUCT OVERVIEW: A specially designed formula for caramel coating popcorn. Just add sugar, oil, and water. Directions: Add contents of 22oz bag to cooker, 10-12oz of water, and 4oz of oil. Mix and cook to 285°F. Add 5 gallons of popped popcorn, mix and spray with Free N Easy (GM#2250). Dump and separate while cooling.

PHYSICAL PROPERTIES:

Flavor/Odor	caramel
Unfinished Color	brown
Finished Product Color	brown
Form	free flowing granular

APPLICATIONS: Used to make caramel corn.

INGREDIENT STATEMENT: corn syrup solids, brown sugar, dark molasses granules (cane sugar, molasses, caramel color), soy lecithin, cream of tartar.
CONTAINS: SOY

Product Data Sheet for Item # 2045
FLAVACOL

GMO Statement:

US Food Crops that have been genetically modified: Commercially Grown varieties (canola, corn, cotton, papaya, soybeans, squash), and either off the market or not commercially grown varieties (alfalfa, apple, beet, cantaloupe, eucalyptus, flax, plum, potato, radicchio, rapeseed, rice, rose, sugar beet, tomato, and wheat).

☐ **GMO-FREE**
This term shall be used to describe products for which commercially grown GMO varieties are not in the supply chain.

☐ **GMO-FREE –Identity Preserved**
This term shall be used to describe materials which are Identity Preserved: **NOT** derived from genetically modified materials and there is a verifiable record of the non-GM origin of the seed and the maintenance of the non-GM integrity.

☒ **NON-GMO**
This term shall be used to describe products that contain ingredients, additives, or processing aides derived from commodities that have commercially grown GMO varieties in the supply chain, **BUT** residual DNA/protein is likely NOT detectable in the final product, either by effectively removing all extraneous material that might harbor genetically modified organisms (GMO's) or substances (protein, DNA) derived thereof or being a naturally non-GMO product.

☐ **GMO or derived from GMO**
This term shall be used to describe products that contain ingredients, additives, or processing aides that contain, or were derived from, commodities that have commercially grown GMO varieties in the supply chain, **AND** residual DNA/protein is likely detectable in the final product due to the removal process of all extraneous material that might harbor genetically modified organisms (GMO's), or substances (protein, DNA) derived thereof may not be effective or warranted.

Microbiological Statement:

This product, produced for/by Gold Medal Products Co., has a low pH that will not support growth of most microorganisms. Organisms considered food-borne pathogens or of concern from a quality standpoint are not able to proliferate in this product; the processing and packaging is completed in a closed and sealed system offering little opportunity for contamination from extraneous materials that might harbor pathogens, viral particles, etc.

FLAVACOL

Stored Products:

Allergens listed below and marked with an asterisk ("*") may be stored and labeled in our warehouse in finished form. All products come from approved suppliers. Each product is evaluated on the potential cross contamination with other products and allergens in the approved supplier's facility. If there is any risk to that product, then it is stated at the top of this section as "may contain" or "contains". Otherwise if it is not, those Allergens or Sensitizing Agents listed DO NOT pose any threat to any of Gold Medal Product Co. finished products.

***Milk and derivatives**, ***eggs and derivatives**, fish, shellfish (including crustaceans, mollusks and their derivatives), ***tree nuts and derivatives**, ***wheat and derivatives**, ***peanuts and derivatives**, ***rice and derivatives**, ***corn and derivatives**, ***gluten sources (other than Wheat: such as oat and its by products, barley, rye, malt, buckwheat, spelt, and kamut)**, ***yeast and derivatives**, Lupin and derivatives, ***artificial colors**, ***MSG, *benzoates**, ***TBHQ**, ***hydrolyzed vegetable proteins, *sulfites**, artificial sweeteners, ***animal derivatives**, ***mustard**, celery, ***seeds**, ***cocoa and derivatives**, ***cinnamon**, and ***caffeine**.

Allergen Cross-Contamination Prevention:

Potential allergenic materials are produced using designated storage and processing. The risk of contamination is extremely low. When rework is used it is isolated and used only in products that may contain the same allergens. All containers and storage tanks are labeled accordingly if they may contain allergens.

Product Data Sheet for Item # 2031
MONSTER MUSHROOM POPCORN

Product Overview:
Monster Mushroom Popcorn is a popcorn kernel that produces extra-large mushroom (round) pieces of popcorn.

Product Physical Properties

Flavor / Odor (sensory)	Popcorn
Unfinished Color (in carton)	Yellow
Finished Product Color	White
Form	Solid kernel

Applications:
Used in the Food Industry for producing extra-large popped popcorn.

Label Ingredient Statement:
Popcorn.

Packaging:
50 lbs. (22.7 kg) box

UPC:
0 90939 12031 3

Process Flow:
Popcorn: Carrier.

Certified:
Kosher Pareve

Country of Origin*:
MADE IN THE USA
All ingredients used in the manufacturing of this product were produced in the United States of America.
*Definition: The Country of Origin or product origin is defined as the country where the material was manufactured/produced/cultivated. When the material undergoes substantial transformation in a second country, the country in which the transformation is performed shall be considered the country of origin.

Storage & Shelf Life:
Store at < 110°F in a clean, dry, and odor-free environment.
Best if used within 24 months from the date of manufacture in unopened containers.

Food Grade Statement:
Gold Medal Products Co. hereby certifies that this product is Generally Recognized as Safe (GRAS) and is manufactured to Good Manufacturing Practices and is safe for its intended use. This item is produced in a facility inspected by the United States Food and Drug Administration, State and Local authorities. This product manufactured by Gold Medal Products Co. is guaranteed as fit for human consumption.

Regulatory Information:
This product is approved for use in Europe, Japan, or other countries.
Gold Medal Products Co. is registered and compliant with Public Health & Security.
FDA Bioterrorism Preparedness and Response Act of 2002 Registration #: xxxxxxx7492, re-registered 12-2012

Foreign Material Contamination:
The manufacturing of this product is routinely monitored for foreign material contamination.

Product Data Sheet for Item # 2031
MONSTER MUSHROOM POPCORN

GMO Statement:

☐ **GMO or potentially GMO**

This term shall be used to describe products that contain ingredients, additives, or processing aides derived from commodities that have commercially grown GMO varieties in the supply chain, **AND** residual DNA/protein is likely detectable in the final product due to the removal process of all extraneous material that might harbor genetically modified organisms (GMO's), or substances (protein, DNA) derived thereof may not be effective or warranted.

☒ **Non-GMO**

This term shall be used to describe products that contain ingredients, additives, or processing aides derived from commodities that have commercially grown GMO varieties in the supply chain, **BUT** residual DNA/protein is likely NOT detectable in the final product, either by effectively removing all extraneous material that might harbor genetically modified organisms (GMO's) or substances (protein, DNA) derived thereof or being a naturally non-GMO product.

Microbiological Statement:

This product, produced for/by Gold Medal Products Co., has a low moisture content (less than 0.05% typical) and lacks nutrients essential to support growth of most microorganisms. Organisms considered food-borne pathogens or of concern from a quality standpoint are not able to proliferate in this product; the processing and packaging is completed in a closed and sealed system offering little opportunity for contamination from extraneous materials that might harbor pathogens, viral particles, etc.

Sulfur Dioxide (SO_2) and Sulfites (>10ppm)	No		Yes
TBHQ	No		Yes
Yeast	No		Yes

Stored Products:

Allergens listed below and marked with an asterisk ("*") may be stored and labeled in our warehouse in finished form. All products come from approved suppliers. Each product is evaluated on the potential cross contamination with other products and allergens in the approved supplier's facility. If there is any risk to that product, then it is stated at the top of this section as "may contain" or "contains". Otherwise if it is not, those Allergens or Sensitizing Agents listed DO NOT pose any threat to any of Gold Medal Product Co. finished products.

***Milk and derivatives**, ***eggs and derivatives**, fish, shellfish (including crustaceans, mollusks and their derivatives), ***tree nuts and derivatives**, ***wheat and derivatives**, ***peanuts and derivatives**, ***rice and derivatives**, *corn and derivatives, *gluten sources (other than Wheat: such as oat and its by products, barley, rye, malt, buckwheat, spelt, and kamut)**, ***yeast and derivatives**, Lupin and derivatives, ***artificial colors**, ***MSG**, ***benzoates**, ***TBHQ**, ***hydrolyzed vegetable proteins**, ***sulfites**, artificial sweeteners, ***animal derivatives**, ***mustard**, celery, ***seeds**, ***cocoa and derivatives**, ***cinnamon**, and ***caffeine**.

Allergen Cross-Contamination Prevention:

Potential allergenic materials are produced using designated storage and processing. The risk of contamination is extremely low. When rework is used it is isolated and used only in products that may contain the same allergens. All containers and storage tanks are labeled accordingly if they may contain allergens.

Product Data Sheet for Item # 2328
PREMIUM CHEDDAR PURE GOLD

Product Overview:
Premium Cheddar Pure Gold is a specially designed, shelf stable, formula for use in snack food applications. This product is a blend of ingredients with an intensified aroma and flavor to create a good, wholesome sharp cheddar cheese taste. It has a sharp cheddar cheese aroma and is orange to yellow in color.

Product Physical Properties

Flavor / Odor (sensory)	Sharp Cheddar Cheese
Unfinished Color (in carton)	Orange to Yellow
Finished Product Color	Orange to Yellow
Form	Paste

Applications:
Used in the Food Industry as a cheese flavoring for snack food applications.

Label Ingredient Statement:
Soybean oil, cheddar cheese [(milk, salt, culture, enzymes), disodium phosphate], cheddar cheese [(milk, cheese culture, salt, enzymes], cream, salt, sodium phosphate, FD&C yellow #5 (E102), lactic acid, FD&C yellow #6 (E110)], palm oil, konjac, tara gum, soy lecithin, FD&C yellow #6 lake (E110), and beta carotene (E160a) (for color).

Packaging:
30 Lbs (13.6 Kg) pail

UPC:
0 90939 02328 7

Process Flow:
Oils (Soybean, Palm): Gives body/moisturizes
Cheese: Flavor.
Cream: Texture/Mouth feel
Salt: Seasoning
Sodium Phosphate: Texturizer/Emulsifier/Preservative
Lactic Acid: Preservative/Flavor
Konjac and Tara gum: Thickener
Soy Lecithin: Emulsifier
Colors (FD&C Yellow #5 (E102), FD&C Yellow #6 (E110)): Food Safe, Artificial Colorants.
Beta Carotene (E160a): Natural Colorant.

Product Data Sheet for Item # 2763
TASTEE POP

Product Overview:
Tastee Pop oil a blend of canola and coconut oils. It is formulated for imparting a buttery taste on cooked or fried foods.

Product Physical Properties

Flavor / Odor (sensory)	Buttery
Unfinished Color (in carton)	Amber
Finished Product Color	Amber
Form	Liquid (>76°F), otherwise solid.

Applications:
Used in the Food Industry primarily for aiding in popping and flavoring popcorn. It may be used for frying and other applications using cooking oil.

Label Ingredient Statement:
Canola oil, coconut oil, beta carotene, natural and artificial butter flavor, TBHQ (Tertiary Butylhydroquinone) and Polydimethylsiloxane.

Packaging:
1 Gal (3.785 L) Container

UPC:
0 90939 12763 3

Certified:
Kosher Pareve

Country of Origin*:
MADE IN THE USA
All of Gold Medal Products Co. products are made in the United States of America.
*Definition: The Country of Origin or product origin is defined as the country where the material was manufactured/produced/cultivated. When the material undergoes substantial transformation in a second country, the country in which the transformation is performed shall be considered the country of origin.

Storage & Shelf Life:
Store at < 80°F (26.7°C) in a clean, dry, and odor-free environment.
Best if used within 12 months from the date of manufacture in unopened containers.

Food Grade Statement:
Gold Medal Products Co. hereby certifies that this product is Generally Recognized as Safe (GRAS) and is manufactured to Good Manufacturing Practices and is safe for its intended use. This item is produced in a facility inspected by the United States Food and Drug Administration, State and Local authorities. This product manufactured by Gold Medal Products Co. is guaranteed as fit for human consumption.

Material Safety Data Sheets (MSDS) Statement:
Material Safety Data Sheets (MSDS) are only issued for products considered to be hazardous. Gold Medal Products Co. food products are exempt from requiring a MSDS in accordance to the Occupational Safety and Health Administrations Hazard Communication Rule, as outlined under 29 Code of Federal Regulations (29 CFR) 1910.1200 (b)(5)(iii) and (b)(6)(vi).

Regulatory Information:
Gold Medal Products Co. is registered and compliant with Public Health & Security.
FDA Bioterrorism Preparedness and Response Act of 2002 Registration #: xxxxxxx7492, re-registered 10-2014

Foreign Material Contamination:
The manufacturing of this product is routinely monitored for foreign material contamination.

Product Data Sheet for Item # 2763
TASTEE POP

GMO Statement:

US Food Crops that have been genetically modified: Commercially Grown varieties (canola, corn, cotton, papaya, soybeans, squash), and either off the market or not commercially grown varieties (alfalfa, apple, beet, cantaloupe, eucalyptus, flax, plum, potato, radicchio, rapeseed, rice, rose, sugar beet, tomato, and wheat).

☐ **GMO-FREE**
This term shall be used to describe products for which commercially grown GMO varieties are not in the supply chain.

☐ **GMO-FREE –Identity Preserved**
This term shall be used to describe materials which are Identity Preserved: **NOT** derived from genetically modified materials and there is a verifiable record of the non-GM origin of the seed and the maintenance of the non-GM integrity.

☐ **NON-GMO**
This term shall be used to describe products that contain ingredients, additives, or processing aides derived from commodities that have commercially grown GMO varieties in the supply chain, **BUT** residual DNA/protein is likely NOT detectable in the final product, either by effectively removing all extraneous material that might harbor genetically modified organisms (GMO's) or substances (protein, DNA) derived thereof or being a naturally non-GMO product.

☒ **GMO or derived from GMO**
This term shall be used to describe products that contain ingredients, additives, or processing aides that contain, or were derived from, commodities that have commercially grown GMO varieties in the supply chain, **AND** residual DNA/protein is likely detectable in the final product due to the removal process of all extraneous material that might harbor genetically modified organisms (GMO's), or substances (protein, DNA) derived thereof may not be effective or warranted.

Microbiological Statement:

This product, produced for/by Gold Medal Products Co., has a low moisture content and lacks nutrients essential to support growth of most microorganisms. Organisms considered food-borne pathogens or of concern from a quality standpoint are not able to proliferate in this product; the processing and packaging is completed in a closed and sealed system offering little opportunity for contamination from extraneous materials that might harbor pathogens, viral particles, etc. This product must be heated before being consumed (as part of the finished food item).

INGREDIENTS: GRANNY SMITH APPLE

ALLERGENS:

Granny Smith Apples – dipped in Caramel & Candy Apple Sauces. We use 100 ct apples.

We use 115 count size fresh whole lemons for our Fresh Squeezed Lemonade. These are medium-large lemons, about 5.5 ounces per lemon. Each lemon when squeezed yields about 4 tablespoons of lemon juice. This juice is what we use in making lemonade along with crushed ice, water & sugar.

- Regular Size, 16 oz cup, juice of one-half (1/2) lemon = approx.. 2 tbsp of juice
- Giant Size, 32oz cup, juice of one (1) lemon = approx. 4 tbsp of juice

DESCRIPTION | REVIEWS

Cherry Natural Flavoring is a high quality, strong flavoring perfect for baking and candy making. Cherry Flavoring adds fresh cherry flavor to a variety of dishes, and is particularly nice for flavoring iced tea or seltzer. Use Cherry Flavoring when you need to boost the flavor of canned cherries or preserves! Made with natural flavors. Non-Flavor ingredients include: water, alcohol (16.5%), citric acid.
